Overview

MAXIBEV

Experience barista-like coffee, cup after cup, with our fully automatic coffee machine, delivering top in-cup quality for every brew. Designed for smooth operation and enhanced efficiency, BTC-150 DB is the ideal choice for busy environments like HORECA and CVS settings.

Ditting Metal burrs for a longer lifespan

Durable and premium metal finish

Removable brewer for easy maintenance

Up to 2 bean hoppers and 1 powder hopper

10.1" touch screen with refreshed UI design

Independent hot water and steam wand

Pumped milk system with cold milk available

HIGH-ACCURACY GRINDING SYSTEM

Durable Ditting metal flat with uniform particle control (UPC) system ensure precise grinding of every bean.

GOLDEN EXTRACTION FOR EVERY CUP

Stable 9 bar pressure reaches gold extraction;
Removable 9-22g brewer, make a greater volume of every coffee

Key Features

MAXIBEV

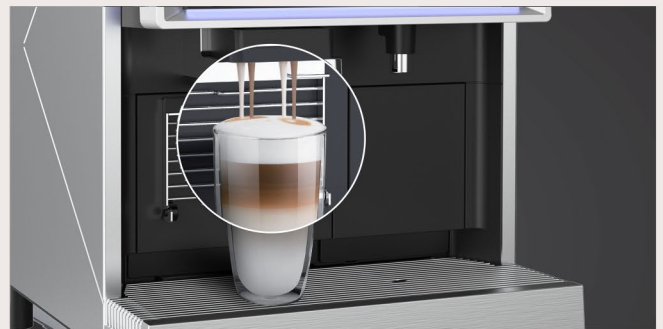

EASY OPERATION

10.1" touch screen with UX awarded UI 3.0, convenience at your fingertips.

HIGH EFFICIENCY AT PEAK HOURS

Dual boiler system, dispenses coffee and milk or coffee and hot water simultaneously. Efficient, but also stable in cup quality.

ONE TOUCH FOR BARISTA-LIKE MILK

The pumped milk system serves creamy beverages with hot milk, hot milk foam, and cold milk. Automatic milk system cleaning ensures easy maintenance.
