

Description

Banks induction cooker D30TS delivers fast energy efficient cooking with precise temperature control. Induction technology heats pots directly for quicker boiling. Consistent results and lower energy results.

Special Features

- ✓ Cooking Surface cool to touch
- ✓ Energy efficient
- ✓ Precise temperature control
- ✓ Compact and portable
- ✓ Eco-friendly cooking with minimal heat loss
- ✓ Pan detection
- ✓ Overheat protection
- ✓ 80-90% energy into pan

Induction Cookware

- ✓ Cast Iron
- ✓ Enameled cast iron
- ✓ Stainless Steel if magnetic
- ✓ Multiply cookware i.e. stainless with magnetic base
- ✓ Induction compatible non stick

Technical Specification

Model	D30TS
GTIN No.	5391538050724
Dimensions	W355 x D440 x H110
Temperature Range	60°C to 240°C
Ring Size	215mm
Power	500W to 2800W
Nett Weight	5.5 kg
